.@tmccormick You've been snarky and combative to me (and my @illinoistech colleagues) multiple times. You ought to feel ashamed.

@histoftech it's OTR. In response to private (direct) remarks not abt you, you publically attacked me personally. Ill-advised, I'd say.

@histoftech if you don't like my tone, can (& did) unfollow & block; or reply direct. To publicly denounce me seems gratuitous & intolerant.
